About us

At Snowflakes, we specialize in providing high-quality refrigeration and air conditioning spare parts, as well as comprehensive cold store accessories, to meet the evolving demands of the HVAC-R industry. With a strong commitment to reliability, innovation, and customer satisfaction, we have positioned ourselves as a trusted partner for businesses across commercial, industrial, and retail sectors.

Founded on the principles of technical excellence and service integrity, our company brings together a team of experienced professionals who understand the critical role of HVAC systems in maintaining operational efficiency and product integrity. Whether you're sourcing components for maintenance, repair, or new installations, we deliver products that meet international standards and are backed by expert support.

We take pride in building long-term relationships with our clients, suppliers, and industry stakeholders, offering not just parts—but complete solutions. From compressors, motors, and control devices to insulation, paneling, and door systems, we ensure every product contributes to the performance and durability of your cooling infrastructure.

At Snowflakes, your cooling needs are our priority—delivered with precision, backed by knowledge, and driven by a commitment to excellence.
